

New: Retrofit for PECO PPL-347 Filter Element

Introducing Pall's 'direct replacement' filter technology for users of PECO PPL elements in a wide range of applications including Amine, Glycol, Solvents, Catalysts, Alkylation, Hydro-treating, and Hydro-cracking

Pall's new retrofit products allow users of other manufacturers' elements to benefit from Pall technology without the need to replace the existing housing/vessel. Pall retrofit products are direct replacements for existing elements, offering the performance and value you have come to expect from Pall.

Advantages of Pall Technology

Pall's filter media and element designs bring together industry leading technologies and advanced manufacturing processes to deliver unsurpassed performance and value in each and every element.

Pall Retrofit p/n: PRPCFS347JBR

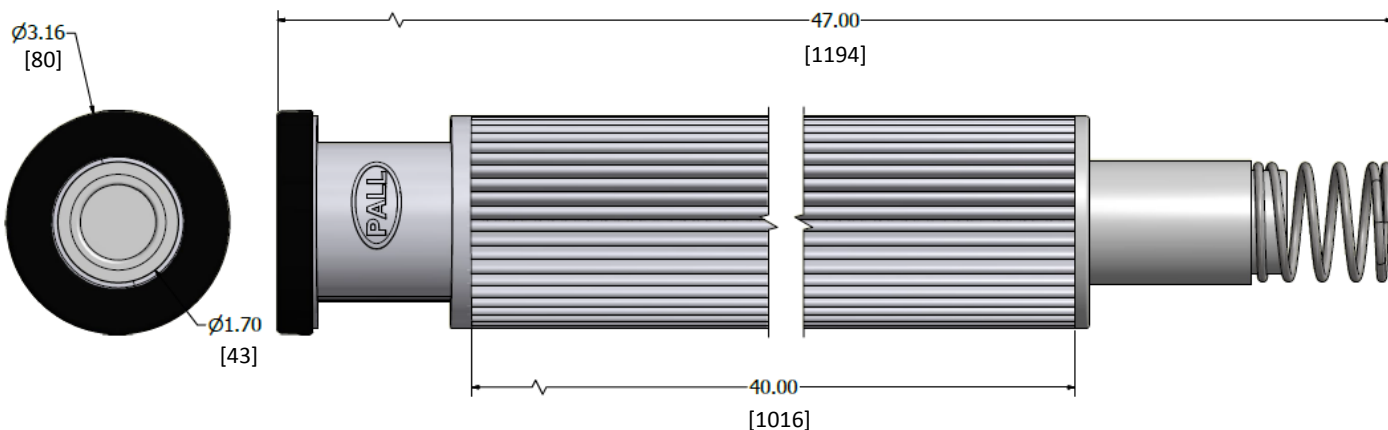

Replaces: PECO p/n:PPL-347-S2B-05

Specifications:

- **Medium:** Polypropylene
- **Rating:** 5um
- **Seal:** Santoprene
- **OD:** 3" Nominal
- **Length:** 47" Nominal
